This block is an extra block that is not in the original Kaleido Rose pattern. You will make it following the same instructions as for the 34" Round Sunflower and prepare it for appliqué as instructed in Step 1c of the pattern. After the center of the 34" block is appliquéd on, this 16" block is centered and appliquéd into the middle of the block.

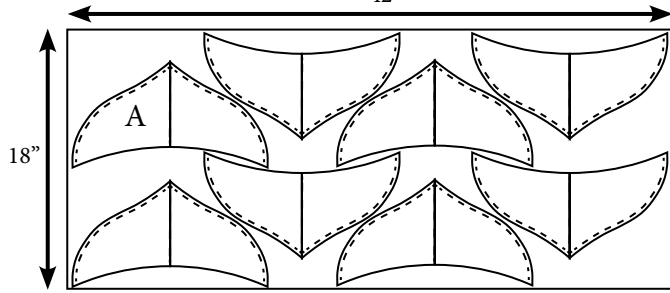

About 10 yds. of non-fusible interfacing (like Pellon P45) for facing of all petals and Sunflower Center.
